

Microsoft Cloud Workshop: OSS DevOps (40509)

- **Formato do curso:** Presencial
- **Localidade:** Porto
- **Data:** 09 Dez. 2019 a 10 Dez. 2019
- **Preço:** 410€
- **Horário:** Pós-laboral - das 18h30 às 21h30
- **Nível:** Avançado
- **Duração:** 6 horas

Migrate an online health food supplier from a hosted environment to Azure and fully embrace modern DevOps tools, investigate PaaS Services and leverage their deep knowledge of Eclipse development tools and its integration with Azure.

Destinatários

Cloud Architects and IT professionals who have architectural expertise of infrastructure and solutions design in cloud technologies and want to learn more about Azure and Azure services. Those attending this workshop should also be experienced in other non-Microsoft cloud technologies, meet the course prerequisites, and want to cross-train on Azure.

Pré-requisitos

Workshop content presumes 300-level of architectural expertise of infrastructure and solutions design.

Objectivos

Students will be better able to deploy complex OSS workloads into Azure PaaS using Azure App Services. In addition,

- Deployment and integration of Azure Marketplace products from Partners such as Bitnami for Jenkins.
- Update Azure App Services using providers such as Github and Dropbox.

Programa

Module 1: Whiteboard Design - OSS DevOps
