

AZ-900: Microsoft Azure Fundamentals (1 dia)

- **Formato do curso:** Presencial e Live Training
- **Localidade:** Porto
- **Data:** 13 Jan. 2020 a 14 Jan. 2020
- **Preço:** 480€
- **Horário:** Laboral - das 09h30 às 17h30
- **Nível:** Iniciado
- **Duração:** 7 horas

This one-day course will provide foundational level knowledge on cloud concepts; core Azure services; security, privacy, compliance, and trust; and Azure pricing and support.

This course does not provide an Azure pass or time for students to participate in hands-on labs. If you are interested in a more interactive hands-on lab experience, consider the AZ-900: Microsoft Azure Fundamentals (2 days) course, which includes trainer-directed hands-on labs. The content for both courses align to the AZ-900 exam objective domain.

Destinatários

This course is suitable for program managers and technical sales, with a general IT background. These students want to learn about our offerings, see how components are implemented, and ask questions about products and features. This course does not provide an Azure pass or time in the classroom for students to do any hands-on activities. Students can get a free trial and do the walkthroughs outside of class. This course is primarily lecture and demonstrations. This course will help prepare someone for the AZ-900 exam.

Pré-requisitos

There are no pre-requisites for taking this course. Technical IT experience is not required however some general IT knowledge or experience would be beneficial.

Objectivos

After completing this course, students will be able to:

- Understand general cloud computing concepts
 - Understand core services available with Microsoft Azure
 - Understand security, privacy, compliance and trust with Microsoft Azure
 - Understand pricing and support models available with Microsoft
-

Programa

Cloud Concepts
