

ITIL® 4 Leader: Digital & IT Strategy

- **Formato do curso:** Presencial e Live Training
- **Preço:** 2100€
- **Duração:** 24 horas

The pace of evolution in the digital world has never been so fast and organizations need to be flexible and adapt to the ever-changing environment if they want to keep providing value to their customers while remaining competitive in the marketplace.

The ITIL® 4 Leader: Digital & IT Strategy (DITS) elevates the discussion around ITIL concepts to a corporate strategy level, by enabling IT and digital leaders to influence and drive strategic business decisions, by creating an appropriate digital strategy aligned to the wider cross-organizational goals. The course provides guidance on how the strategy should impact the design, delivery, and support of services throughout the service value chain of an organization.

The ITIL® 4 Digital & IT Strategy course is therefore aimed towards IT and business directors, heads of department, aspiring C-Suite professionals, and other senior business leaders who want to strategically position an organization against digital disruptors, craft a digital vision, and build a robust digital strategy for long term growth.
