If you're a Certified Scrum Product Owner® (CSPO®) who's focused on maximizing business value and Product Backlog optimization to understand how to do the best possible job to satisfy key stakeholders, then the next step in your Agile journey is to achieve your Advanced Certified Scrum Product Owner (A-CSPOSM) certification.

Through the A-CSPO, you'll learn how to:

- Manage multiple business initiatives from competing stakeholders;
- Clearly order and express Product Backlog items;
- Define a clear product vision that ensures your product remains focused on the features your customers and end users will actually use;
- Communicate effectively with various stakeholder groups to achieve alignment;
- Identify the crucial opportunities and avoid wasting time;
- Define and validate business value;
- Increase your credibility as a product expert and become recognized as a person who delivers real business results.

O curso inclui

- Training Manuals
- 16 hours of training
- Official A-CSPO® Certificate from Scrum Alliance

Formação em parceria com a

Destinatários

- CSPO® Certified Scrum Product Owner with more than one year of experience.
-
