Microsoft Dynamics 365 Sales is an end-to-end application to manage the handling of customers and potential customers.

Using Dynamics 365 Sales, organizations can track data against sales goals, automate best practices, learn from data, and more. Join our team of globally recognized experts as they take you step by step from lead to opportunity to closed deal. Using the application's available automation and customization options you will learn how to enable sales staff to be their most productive selves.

Destinatários

A Dynamics 365 Functional Consultant is responsible for performing discovery, capturing requirements, engaging subject matter experts and stakeholders, translating requirements, and configuring the solution and applications. The Functional Consultant implements a solution using out of the box capabilities, codeless extensibility, application and service integrations.

Pré-requisitos

Familiarity of business applications and the desire to customize and implement them for your business.

Objetivos

- Cover the key elements of the Sales app
- Analyze the results of goal management to make better business decisions
- Cover the additional tools and applications that allow your sales team to create cohesive customer experiences, even on the go
